Fellowship Opportunities

EMERGENCY ULTRASOUND FELLOWSHIP

Emergency ultrasound fellows will have the opportunity to train under five ultrasound fellowship trained faculty members. As an attending, fellows will supervise residents and scan 1-2 times per week with ultrasound faculty. The fellow is also expected to help with rotating student and resident education, hands-on scanning sessions with faculty, ultrasound journal club, on-going research, and to give ultrasound lectures. Although fellows are encouraged to enroll in a two year program during which they will pursue a Masters Degree (MS, MPH, or MEd), a one year program may also be offered for qualified applicants.

Start Date: July 1, 2015

Application Deadline: October 1, 2014
