

AUSTIN, TEXAS

St David's Children's Hospital, located in Austin, TX, is recruiting for Board-certified and experienced pediatric emergency medicine physicians to staff our recently constructed pediatric emergency department. The pediatric program began operations in December of 2014 and consists of a 10-bed ER supported by a pediatric inpatient service, a pediatric ICU, and subspecialists from all major disciplines. The program exists within St. David's North Austin Medical Center, a full-service hospital offering comprehensive medical services since 1995. Plans for expansion of the pediatric program have already begun. Capital Emergency Associates of TEAMHealth is a large EM group which places a high priority on physician career development, education, and job satisfaction. We provide strong compensation and benefits, without a non-compete requirement. We are seeking energetic physicians who want to help build a new program and work in a family-friendly suburban environment. Austin, TX is one of the fast growing cities in the US, with vibrant culture and entertainment, stylish cuisine, and invigorating outdoor activities, supported by strong schools and innovative technologies. Interested candidates may contact Brian S Skrainka, MD, Medical Director, at BrianSkrainka@gmail.com or 972-834-3500 (m). No physician recruiters, please.
