

**Florida Atlantic University's Charles E. Schmidt College of Medicine is recruiting multiple Assistant/Associate/Full Professor of Clinical Biomedical Science (Academic Emergency Medicine Physician) positions, Boca Raton, FL.**

This position is intended for faculty with major effort in teaching, leadership, innovation and clinical service in Emergency Medicine. The specific instructional role is flexible and will include a combination of direct teaching, emergency medicine research, developing instructional materials, resident advising, curriculum design, assessment of resident performance and other roles as determined by the developing needs of the College of Medicine.

The mission of the Charles E. Schmidt College of Medicine at Florida Atlantic University is to educate and train physicians and scientists to meet the healthcare needs of Florida, to conduct biomedical research to advance knowledge, which improves patient care, and to serve patients and communities with competence, compassion and respect.

**Requirements:** M.D. or D.O. from an accredited institution and credentials that merit appointment at the rank of assistant professor or higher and current board certification in Emergency Medicine or in Pediatric Emergency Medicine.

Applicants must have significant teaching experience with residents and demonstrated teaching excellence.

The preferred candidate has served as an academic core emergency medicine physician of an emergency medicine residency. The ability to effectively communicate with a variety of students, residents, fellows and employees from widely diverse backgrounds is required.
